Introduction of

Taiwan Marine Tech & Unmanned Robotics Expo

Organizer

Adviser

The Taiwan Marine Tech & Unmanned Robotics Expo will be held for the first time in November 2026. Using Taiwan as a base for ocean exploration, it aims to develop the domestic marine technology industry and serve as the best medium for connecting with the international market.

Based on the achievements and resources from the Society of Underwater Noise and its members in promoting the U-TEAM Alliance and the MarinexT over the past seven years. This exhibition is expected to drive marine technology innovation, create more marine business opportunities, and attract companies to invest in sustainable ocean development.

The domestic marine technology market is gradually heating up. Benefiting from marine technology policies, military defense procurement, offshore wind power development, and expanded scientific research and investigation, it is conducive to innovation, research and development and investment, and will be an excellent opportunity to establish a foothold in the Asia-Pacific market.

Exhibition Highlights

Exhibit Space

6,000 m²

Attendees

7,000+

Exhibitors

125+

Countries/Regions

10+

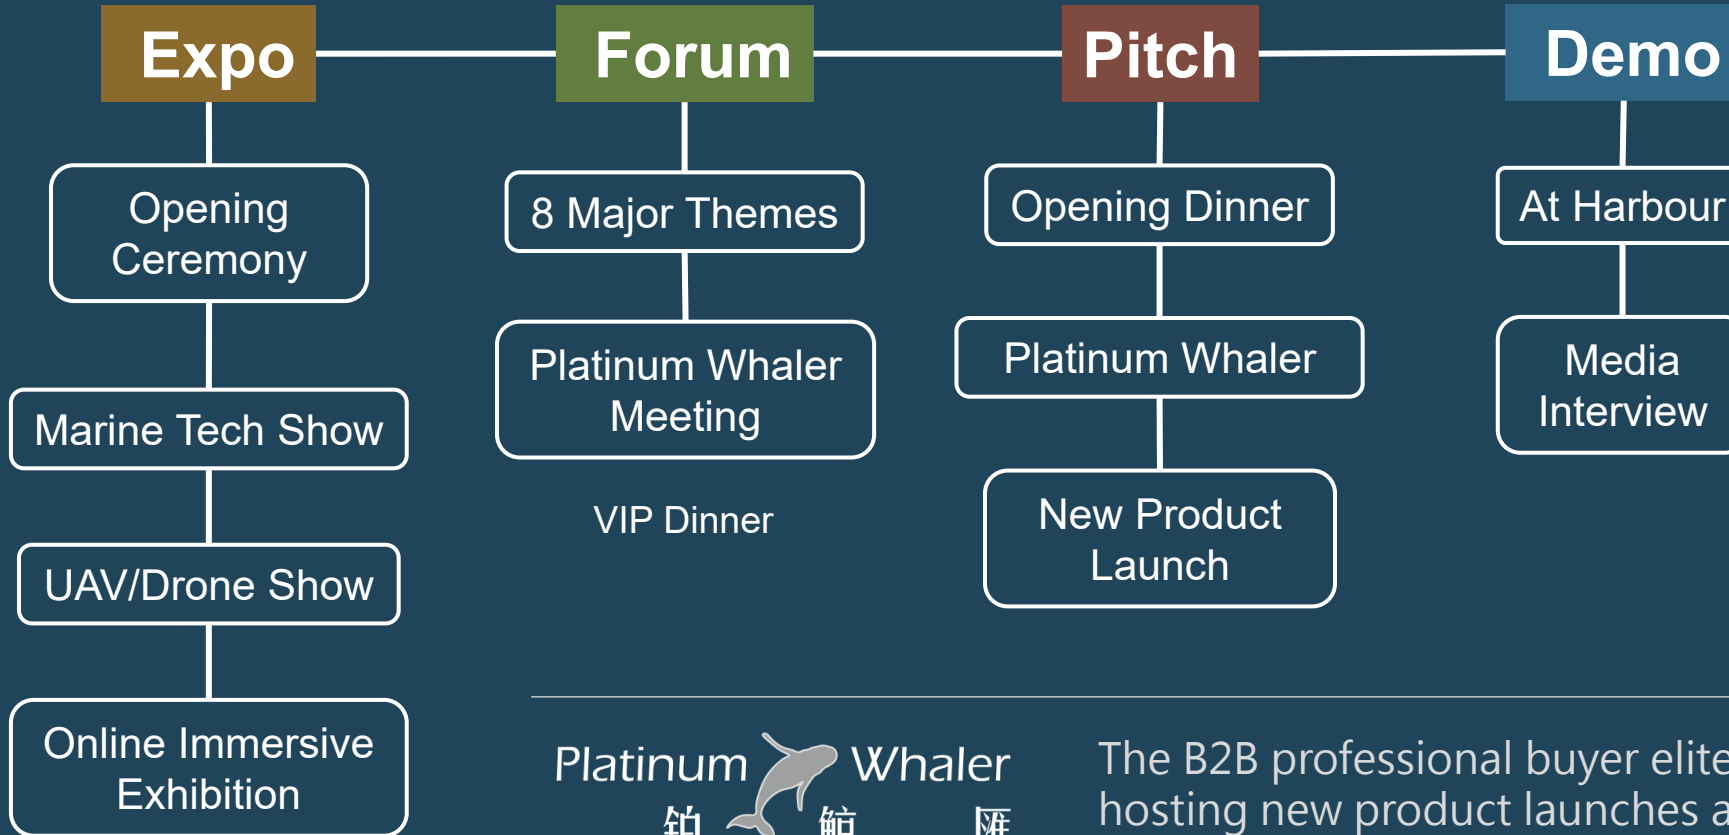

Taipei - TADTE
Tainan - MATURE Taiwan

The only professional marine
technology exhibition in Taiwan

Unmanned vehicles for land, sea
and air use will be exhibited

Opportunities for corporate in
ocean ESG/SDGs-14

Exhibition Network

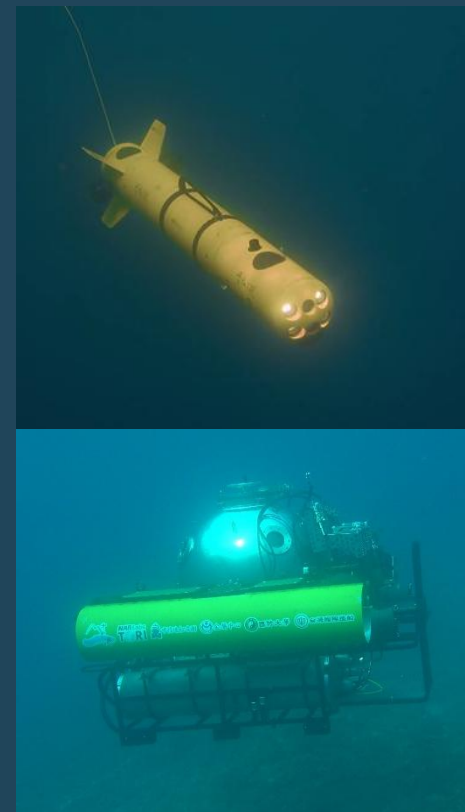

Platinum Whaler
鉑 鯨 匯

The B2B professional buyer elite club; hosting new product launches and a Platinum Whaler (VIP) dinner.

Theme of Marine Tech Show

- Maritime & Survey (Transportation, Shipbuilding, Engineering, Tourism, etc.)
- Offshore Engineering & Energy (Winds, Waves, Currents, etc.)
- Naval Equipment & Submarine (Sonar, Equipment, Weapon, etc.)
- USV / ROV / AUV / AUG / Buoy / Satellite (Positioning and Communications)
- Marine Sustainable / Research / AI / Net Zero / Blue Carbon / Electric Propulsion / Noise Reduction
- Marine Equipment / Machinery / Instrument / ECDIS / AIS Sonar / Radar / Sensor / Logger / Controller / Positioning / Transceiver
- Thruster / Arm / Li Battery / Connector / Cable / Fiber Optic / Tooling
- Naval Architecture / Marine Consulting / Service / Diving / Training
- Marine Insurance / Certificate / Banking / Commercial / Legal Affairs / Recruitment and Others

Theme of UAV/Drone Show

- Filming & Shipping Drone
- Defense/Anti- Drone
- Drone Service / Operation Training / Learning Materials
- Drone Supply Chain (Motor / Battery / Transceiver / Positioning / Map) and Others

Forum and Theme

- ❑ Ocean Science
- ❑ Ocean Sustainability
- ❑ Maritime Engineering
- ❑ Ocean Energy
- ❑ UAV/Drone
- ❑ Ocean Vehicle
- ❑ Military Application
- ❑ Talent Cultivation

Speaker Invited

- Gov. Officer - New regulations & policies
- Edu. Profs - Ocean Science & Technology
- Org. Leader - Foresight Issues & Initiatives
- Com. Elite - Latest Product & Technology

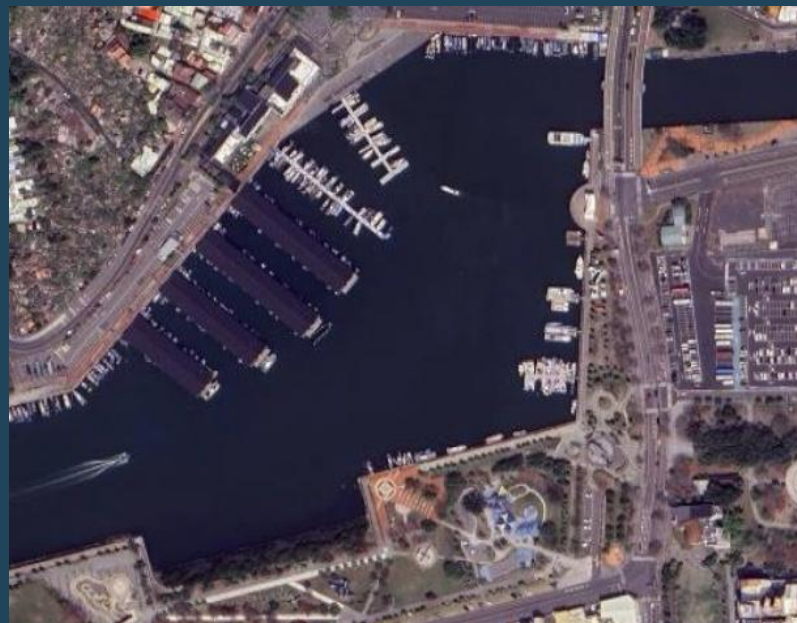

Demo of Product (Under Planning)

Showcase

- USV
- UAV/Drone
- ROV/AUV
- Sonar/Sensor
- Others

Date Nov. 2nd, 2026

Location (TBC)
Tainan Anping Port Fisherman's Wharf

- ✓ Demo product features and technology to buyers.
- ✓ Media interviews and filming increase brand awareness.
